## Vanilla cream

---

250 ml cream  
½ vanilla pod  
2 eggs  
25 g plain flour  
60 g sugar

Scrape the vanilla seeds out of the pod. Put the cream, vanilla pod and vanilla seeds in a pan and bring to the boil. Mix the flour and sugar in a bowl, add the eggs. Stir  $\frac{1}{3}$  of the cream into the egg mixture. Gently stir the egg mixture into the cream. Stir the mixture over a moderate heat until it thickens. Pour the custard into a bowl, cover the surface with cling film and place in the refrigerator to chill.

250 ml cream

Lightly whisk the chilled custard with a balloon whisk to loosen it up. Whip the cream until soft peaks form, then fold it into the custard. Spoon the mixture into a piping bag with a star nozzle.

Cut the eclairs in half lengthways, pipe the vanilla cream into the bottom halves, then put the tops on.
